IUPAP Young Scientist Prize in Particle Physics

Dear Professor Farzan,

I have the great pleasure to inform you that the IUPAP Commission of Particles and Fields (C11) has awarded you the 2008 IUPAP Young Scientists Prize in Particle Physics in honour of your important contributions to theoretical particle physics, especially in neutrino physics. This new prize of IUPAP is awarded for the first time in 2008.

The prize, consisting of an IUPAP medal, a certificate citing the recipient's scientific achievement and a cash award of \$1000, will be presented at the 34th International Conference on High Energy Physics (ICHEP), Philadelphia, PA, USA, July 30th – August 5th, 2008. For this occasion I want to invite you to participate at the conference and to present a talk about your recent research work.

I also want to inform you that another IUPAP Young Scientist Prize has been awarded in experimental particle physics to Dr. Kai-Feng Chen of the National Taiwan University, Taipei, ROC.

With best regards

Gregor Herten
Chair of C11
